Another site: <https://azatfarmanyan.netlify.app>

Reside in: Tbilisi

Citizenship: Georgia, work permit at: Russia, USA

Ready to relocate: Other regions, ready for business trips

## Desired position and salary

### Frontend Developer / Angular

1  
\$

Specializations:

— Programmer, developer

Employment: full time, part time, project work, work placement

Work schedule: full day, shift schedule, flexible schedule, remote working

Desired travel time to work: any

## Work experience — 5 years

January 2023 — till  
now  
1 year

### CyberiaSoft

North-Western District, [www.cyberiasoft.com/](http://www.cyberiasoft.com/)

IT, System Integration, Internet

- Software Development
- System Integration, Technological and Business Processes Automation, IT Consulting

### Angular Developer

- Proficient in HTML, CSS, SCSS, JavaScript, TypeScript, and Angular, responsible for developing and enhancing web-based store management systems.
- Collaborated with cross-functional teams to ensure compliance with business requirements, utilizing GitLab for version control and integrating REST APIs for data exchange.
- Employed DevExtreme and Frontend JS from DevExtreme to create an interactive and visually appealing user interface, applying RxJS and JSON for efficient data processing.
- Implemented responsive design methods to ensure optimal performance on various devices, enhancing user satisfaction.
- Followed Agile methodology for efficient feature delivery, using VS Code as the development environment and DevExpress for additional tools and libraries.
- Conducted testing and optimization to ensure the quality and performance of systems.
- Provided technical support and training to end users, ensuring their effective utilization of web-based store management systems.
- Stayed abreast of industry trends for continuous system improvement and maintaining an innovative approach.

### GeoAlphaSolution(Tbilisi-Israel)

Israel, [www.geoalphasolutions.com/](http://www.geoalphasolutions.com/)

### Angular Developer

Contributed significantly to the development of two distinct projects:

- 1) FairContent.media: Played a key role in creating the online marketplace FairContent.media,

enabling users to buy and sell various goods, including books, videos, music, and documents.

[Website: <https://www.faircontent.media/home>]

2) Swiftness: Led efforts in developing Swiftness, a digital platform revolutionizing the pension savings market. [Website: <http://www.swiftness.co.il/>]

- Utilized skills in HTML, CSS, SCSS, JavaScript, TypeScript, and Angular to create user-friendly and responsive interfaces for both projects, significantly enhancing the overall user experience.
- Collaborated closely with interdisciplinary teams, ensuring alignment with project goals and business requirements. Used GitHub for version control and REST API integration for efficient data exchange, harnessing the power of RxJS and JSON for seamless data processing.
- Demonstrated adaptability, successfully working on diverse projects in various industries, showcasing a flexible skill set and the ability to learn and adapt quickly to changing conditions.
- Maintained a high level of innovation and efficiency, staying abreast of the latest trends in Angular development. Used development tools such as VS Code for smooth and productive workflows. Applied object-oriented programming (OOP) principles and ES6 functionality to create robust and maintainable code.
- Additionally, used Figma for collaborative design work and integrated VisualStudio and VS Code into the development process to ensure code quality and consistency.

## **Emap - RsSchool**

[www.epam.com/](http://www.epam.com/)

### **Angular Developer**

Participated in an intensive Front-End development program at Emap - RsSchool, initiating my immersion into the world of web development.

Mastered a comprehensive skill set, including HTML, CSS, JavaScript, TypeScript, and Angular, laying a solid foundation for modern web development.

Thrived in a demanding and rigorous educational environment with a high attrition rate, where only 46 out of 600 participants demonstrated commitment, perseverance, and completed the program. Proud to be among the dedicated individuals who achieved this significant milestone.

Effectively applied acquired knowledge and skills in real-world projects, gaining practical experience in designing and developing user-friendly web interfaces.

Attained significant success, receiving a completion certificate confirming my expertise in Front-End development and validating my commitment to excellence in this field.

Kept abreast of the latest trends and best practices in web development, ensuring my stay at the forefront of this constantly evolving field. Utilized tools such as Figma for web design, Git and Github for version control, REST API for data integration, and RxJS for efficient data processing. Applied JSON for data exchange and optimized code using VS Code and VisualStudio. Proficiently used Chrome DevTools for debugging and enhancing web applications.

## **Apacer Technology Inc.**

Taiwan, [www.apacer.com/en](http://www.apacer.com/en)

### **Graphic Designer**

Specialized in creating eye-catching advertising banners tailored specifically for social media platforms.

Collaborated closely with marketing teams to ensure effective product messaging through visually appealing content.

Adapted designs to meet the unique requirements of various social media platforms, optimizing their visual impact and ensuring a seamless user experience.

Conducted A/B testing and made adjustments based on data, continually improving engagement levels and click-through rates, thereby enhancing the overall effectiveness of advertising campaigns.

Made a significant contribution to the company's marketing efforts by crafting visually appealing and conversion-focused advertising materials for social media campaigns, utilizing design software such as Adobe Photoshop, Adobe Illustrator, and Figma.

### About me

I have extensive knowledge and a passionate interest in continually exploring innovations in stimulating fields. My professional experience spans over three years in front-end development, with a primary focus on Angular, including JavaScript and TypeScript. Additionally, I have over five years of experience in graphic design.

My skills encompass deciphering complex code bases, where I excel in understanding existing processes and efficiently solving related tasks. My ability to quickly adapt to new technologies and methodologies, such as Node.js, Sass, SCSS, REST API, and ES6, allows me to integrate them effectively. I am characterized by critical thinking, a strong work ethic underscored by flexibility, a willingness to take on new responsibilities, a commitment to learning opportunities, and the ability to interact with new systems.

These traits are supported by my interpersonal communication skills, enabling me to collaborate seamlessly with cross-functional teams. I am proficient in version control tools such as Git and GitHub, and I have a solid foundation in web design using HTML, CSS, HTML5, and CSS3. My experience with REST API, JavaScript frameworks, and libraries such as RxJS and JSON API complements my qualifications in front-end development. Additionally, my design skills extend to Adobe Photoshop, Adobe Illustrator, and Figma, enhancing my ability to create visually appealing and user-friendly interfaces.

In conclusion, my versatile skill set, including but not limited to JavaScript, TypeScript, Angular, Git, and Adobe Creative Suite, positions me as a versatile and adaptive professional with a strong commitment to delivering high-quality work in front-end development and graphic design.
